

More About Our Tournament

The field will be limited to 75 two-person teams (150 fishermen) on a first-come basis. In response to many requests for all contestants to have an equal chance for starting position, all entries received prior to September 1st will be put into a container for a lottery-type drawing for starting position. Entries received after September 1st will be assigned a starting position by order received. Entries will be accepted **BY MAIL ONLY**.

Please refer to Calendar of Events and note the **Mandatory** meeting on Friday. Our headquarters will be at Northernnaire Resort & Spa, please refer to their enclosed brochure for special rates and activities.

MANUFACTURERS' MINI-TOURNAMENT

We will again have the Manufacturers' Mini-Tournament. It will cost \$10.00 per team, plus **TWO NEW** items (baits or fishing products). The winner with the biggest fish will receive all the money collected plus a custom rod and reel. Sign up will be at registration on Friday.

Prizes are based on a full field which is anticipated. But if not, the prizes may be reduced. Any profits from the tournament will be put into the fishery. We anticipate a full field this year, so mail your entry early to guarantee your starting position.
